The Kingdom: Arabia & The House Of Sa'ud

Synopsis

The Kingdom is the story of a country - a country of astonishing contrasts, where routine computer printouts open with the words "In the name of God," where men who grew up in goat-hair tents now dominate the money markets of the world, and where murderers and adulterers are publicly executed in the street. By its own reckoning, this country is just entering the 15th century. The Kingdom is also the story of a family - a family that has fought its way from poverty and obscurity into wealth and power the likes of which the world has never known, a family characterized by fierce loyalty among its members, ruthlessness toward its enemies, and dedication to one of the world's most severe and demanding creeds. The Kingdom is Saudi Arabia - the only country in the world to bear the name of the family that rules it.

Book Information

Audible Audio Edition

Listening Length: 22 hours and 50 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Blackstone Audio, Inc.

Audible.com Release Date: September 15, 2012

Language: English

ASIN: B009BB8QBE

Best Sellers Rank: #151 in Books > Audible Audiobooks > History > Middle East #2521

in Books > History > Middle East

Customer Reviews

At the beginning of Mr. Lacey's monumental work he relates a conversation he had with a Georgetown educated member of the House of Saud: "I have lived in the Kingdom over 30 years, yet if I was to put down on paper how my family and this country worked, I would be lucky if I got a B+ mark. You have spent four years with us. The best you can hope for is a C." Lacey clearly did his homework, as the large bibliography indicates. Moreover, he actually lived in the Kingdom, unlike so many "Saudi experts." And while there, he conducted numerous interviews with key individuals, who entrusted him with versions of historical reality not often seen in other works. He mastered his source materials, and wrote an immensely readable history of the Kingdom until the ascension of King Fahd to the throne in 1982. A full 40% of the book relates to events prior to the actual proclamation of the Kingdom in 1932. This portion covers the ancient political alliance of the

Al-Saud's with the conservative preacher, Abdul Wahab, and his family. Also, Ibrahim Pasha's 1819 destruction of Diriyah, the Saud's home village, for defying the sultan-caliph in Constantinople. But the main thrust of this section is the exile, and return of the Al Saud family in the late 1800's, culminating in the capture of the fort in Riyadh from the Al Rashed clan in January, 1902. Thereafter is a 25 year consolidation of power for the Al Saud's over most of "Al Jazeera," the peninsula. The first significant conflict was at Dilam, when Abdul Aziz only had enough ammunition for one mighty fusillade. After taking Al Hasa in 1913, he made a fateful alliance with the Ikhwan, "the Brotherhood," of fanatical conservatives who were indomitable in battle.
