# The Drummer's Play-Along: 40 Songs In A Variety Of Styles With And Without Drums, Book & CD

## Synopsis

This book will help drummers gain a deeper knowledge of drum-chart reading and interpretation through the performance of 40 songs in a variety of styles (Afro-Cuban, Rock, Jazz, Brazilian, Reggae, and more). Each style starts with simple drum charts, and gradually builds to more complex and demanding compositions. The accompanying CD contains all the songs included in the book allowing the drummer to play along with the tracks while following the related drum charts.

## Customer Reviews

Great book! Well put together. The tracks are well done. i enjoyed playing through these tunes and I'm having my students get this book. Totally worth it! Great for getting into chart reading and playing different styles. Great musicianship on the tracks.

I'm a guitarist/bassist trying to expand my horizons. I have been taking drumset lessons for 5 months and although I received wonderful advice from my instructor something was missing. I ordered this book not really sure of what to expect and has made a huge difference in my learning. Its stated goal of making you better at reading drumset scores is just the beginning. I really like that the author shows you everything he does in the "performance" version of each of the 40 songs as I have learned many "little" things that give structure to the song. By the way, these recordings are top notch and the songs are totally enjoyable even to just listen to them. So if you can read music this book is a no-brainer. If you can't read music this can be a great tool to motivate you / make you

practice your reading skills.
