Dirty Billionaire: The Dirty Billionaire Trilogy, Book 1

Synopsis

I've got a big dick and an even bigger bank account. That's pretty much where my bio ends. Honestly, I don't need to say anything else. I've just sold 99 percent of women on going home with me. Do I sound like an asshole to you? That's because I am. And guess what? It works for me just fine. Or at least it did...until I met her. Books talk about sparks flying. F--k that shit. With her, it was like emergency flares mixed with jet fuel. Or maybe just straight up napalm. Only one problem: She wouldn't tell me her name or her number when she disappeared from the hotel room after the hottest f--king night of my life. Now I've had a taste of unicorn pussy - the sweetest, rarest of all pussy - and I need it again. So what's an asshole to do? I took this problem to the street, a missed connection gone viral. And when I find her? I'm keeping her.

Customer Reviews

So I just spent the last few hours basically engrossed in this, and I must say, I highly enjoyed Meghan March's introduction to this new trilogy! Holly Wix is a country singer. After having won a country music competition, she thought her dreams were set....get a record, go on the road, and watch it all rise to the top. Except her record company put a small caveat in her contract, she needs to pretend to be in a relationship for a year with another country singer, to "help" further both their careers. Little did Holly know she'd become the butt of the joke in Nashville, with a "boyfriend" who can't keep things in his pants and out of the tabloids. Fast forward to Christmas Eve. Holly decides she wants a man for Christmas and allows herself to pick up a one night stand. Little did she know that Creighton Karas, arrogant billionaire playboy, would heed her call in a bar. They both have an

explosive night together, but Holly slips away without so much as giving her name to Creighton. Never one to sit idle, Creighton puts out a missed connections ad with one heck of a proposal for Holly. Now Holly must decide if she takes a leap of faith or concedes to her record company's demands? Dirty Billionaire was a short, steamy and incredibly addicting read. I loved the premise of this and how original it was in it's own way. Holly was a character I could relate to, and I struggled with her as she fought with making her dreams come to life on her own terms. Creighton was a bit more of a mystery, but his need to protect and take care of Holly, even when to himself it's foreign concept to do so, made him that more appealing.
