This is a science fiction story that captures the reader it includes the sexual content which makes this a rare find indeed.

This book is a great selection of science fiction, mystique, passion and mystery. This book is full of actions and bring you to the edge of the story. Actually, this my first reading a sci-fi story and I was

amazed how it was done and written. I guess the author of this book is very inspired and passionate enough to express the story lines. It's very surprising to say that the writing style is very visionary and creative. I really found this book unique for all books that I have read. I am looking forward to reading the next chapter. I would highly suggest everybody who likes romance and mystery read this book on Sci-Fi & Fantasy Erotica. Hope to get one more soon.
