Dimensions are same as full size paper/notebook. About 8 x 10 inches. This is definitely for keeping at your desk or by a landline phone. Jumbo really means Jumbo. If this is what you want then it will be perfect for you. Large print, lots of room to write, colorful cover to find easily. But I will be back to trying to find one that fits in my purse.

this book is 8.5" x 11", the cover is light-weight card stock, there is space for three entries per page

(very large print) and there are no subsections for the letters of the alphabet. It really did not meet my needs at all.

Pretty cover, nice soft feel to it. No tabs, but I knew that going in because this is what the description says. I mostly have friends with A, J and M names so a full alphabetical tab system doesn't necessarily suit my needs.

I do not like this at all. The pages are reminiscent of construction paper.

Nice large book so you can actually have room to write out a full address. Just wish it was a hard cover.
