Beautiful Music For Two String Instruments, Bk 3: 2 Cellos (Ast Four Positions)

Synopsis

The study of string instruments should include ensemble playing at the earliest possible stage. There is much to be gained from the playing of duets. Each player learns how to listen to the other, and in a short time develops an awareness of balance, musical phrasing, intonation, and tone quality. This type of training is excellent preparation for participation in large groups. These four volumes of duets for two violins will help fill the need for early ensemble experience in the public schools. They should be used in string classes as a supplement to any of the standard string methods. They will also encourage music making outside of the school, with parents or with other students. These duets are ideal for recitals in the public schools and in public school festivals. They may be played by two performers, or by multiple performers on each part, with or without piano accompaniment.

This is a great series for warming up before you get into the piece you're practicing. I like to play through the pieces for fun, rather than concentrating on any one piece in particular. There's a nice variety of styles to choose from. Volume III is where it starts to get a little challenging.

Contains a nice selection of well known pieces arranged for two cellos and accessible to those early on the learning curve. Had great fun playing these with my daughter.

Thus book contains wonderful pieces that will hone your skill and are beautiful pieces for performances as well. The two parts are perfect for student/teacher playing.

This book was delivered on time and in great shape, it was just what I needed for one of my students, thanks. Pam
