Customer Reviews

All You Need To Know About SEO The Ultimate Guide For Small Business Owners by Kane Georgioul was truly impressed with the amount of information in this book. Well organized by sections and very well written. There are many sources and tools listed for your entry into the world of SEO and internet marketing. Marketing is very important today in the business world. As the author shows over 80% of the internet users today have mobile phones you will want to make your site mobile friendly. If you have a product or service to sell this book will be one that you will want to have handy as a reference. Anyone can learn how to have their site rank higher on the search engines. With the popularity of Social Media becoming more popular everyday this book will help you and give you a step up in the right direction. The internet is expanding daily and you will see the benefits of this book by utilizing the format and tools that will help you to expand your business and or service. From picking the domain name to setting up your meta-tags. I have learned many techniques by reading this book. Learn to put your business presence at the top of the list by following some of the many ways the author has put together in this book. The book provides a multitude of check-lists and plans to help you rank well with the different search engines. Learn all the different factors that will help you blog or build a successful website. Many of the terms and jargon used are explained in detail in the book. I am glad that I've read this value-packed book. How to pick the focused keywords that will help bring you up in the rankings. I also enjoyed the music that the author talks about throughout the book.
