Customer Reviews

There is helpful information in this book but, in my opinion, it has distracting flaws. First of all there is the font. Why a book dealing with technical instruction would choose such an unreadable font is beyond me. With certain words it became laughable. Not so amusing was the number of misspelled words and poor sentence structure. Here's an example; it also illustrates my point about the font:

"Y... N... » w N-ÓÓ » î » n ÔÓ n w » N-N » Nf... N n » ÓÓ nt t » N- » w N- t » ."
