# The Vital Guide To Commercial Aircraft And Airlines: The World's Current Major Civil Aircraft

## Synopsis

A new fully revised edition of this comprehensive guide to all the world's main passenger aircraft and the airlines that fly them. Color drawings of major airline markings show tailfin and fuselage liveries. Every aircraft has a full specification and at least one photograph. No other 'pocket guide' covers the world's passenger aircraft with such scrupulous accuracy or boasts such a sumptuous appearance.

ISBN-13: 978-1840370645

Product Dimensions: 6 x 0.5 x 8.5 inches

Shipping Weight: 8.5 ounces

Average Customer Review: 4.9 out of 5 stars [See all reviews](#) (7 customer reviews)

Best Sellers Rank: #278,528 in Books (See Top 100 in Books) #22 in [Books > Arts & Photography > Vehicle Pictorials > Aviation](#) #95 in [Books > Engineering & Transportation > Transportation > Aviation > Commercial](#) #71976 in [Books > Reference](#)

## Customer Reviews

This book is very useful for those who want to identify planes. It is a good size so you can take it along whenever on a trip or when just passing by the airport. It has a good amount of info on each plane but does lack a cut-out drawing which comes in handy for those wondering about the insides of planes. This is a great reference for those who want to identify planes or those who just want to research commercial aircraft. It works well with the Vital Guide to the Major Airlines of the World also.

This is an excellent little book with pictures and technical information about not only airliners, but business jets. A must for anyone in the aircraft business or any enthusiast.

The book size is perfect to put in your breifcase. I take it on all my vacations, and go to the airport a couple hours early to watch the planes and identify them with this book. I would rate it at 6 out of 5

stars, but I can't.

I think this book is very complete, I use it all the times, when my uncle who is a pilot like me saw it, he ordered one too because you can find a lot of informations in it, I only have one advice : BUY IT !!!
