Customer Reviews

I loved every bit of this book. I'm a 45 yo female, with no kids so I bought this book for me, along with a few others. I have not seen the movie yet but I have already pre-ordered the dvd. Buy it for your pre-teen or anyone else who loves fairy tales! What a cute book!

My 7 yo daughter LOVED this book. She read it herself before seeing the movie and it helped her know the plotline before seeing the movie.

This was a great segment for Disney to hit... my daughter is 6 and just getting a grip on what she loves to read.. and she loved this... it is a chapter book so it was challenging for her but we read it together and she loved being able to take this story and equate it to the movie she saw.

I bought this book as a Christmas gift for my 5 and 7 year-old daughters. We saw the movie in November when it came out. Great book! It follows the movie exactly and has some great color photos in the center. I have a feeling this will be a favorite for a while.

I was sure my niece, who adores the movie Frozen, would love the Frozen audiobook over Tangled, but after reading rave reviews for this Tangled audiobook, I decided to buy both. She listened to Frozen once, said it was "good," but meanwhile has listened to Tangled four times and still loves it. This really was the better choice.

The book was very interesting although the author could of added another very good chapter!
choose to read the book because I wanted to see if it were as good as the movie, but its really not.
ITS WAY BETTER!

This novel is brilliant and an excellent companion to the brilliant film. Rapunzel is a beautiful girl whose long blonde hair holds a very valuable secret- it can heal any wound even time! Mother Gothiel who has stolen the Princess keeps her locked up in a very tall tower. Luckily Rapunzel has a friend in Pascal, a cute chameleon. However when the thief Flynn Rider enters her life, nothing is ever the same again for Rapunzel who wants to see the magic lights that appear only on her birthday... My favourite characters are Pascal and Maximus the horse that thinks its part bloodhound, who steal every scene they are in. The only way this book could of been improved would be to add the Wedding mini story (Tangled Ever After) to it.

My daughter is almost 7 and could not get enough of this book. We would read it in bed at night and every single night it was, "One more chapter, one more chapter!" Very well-written and as enjoyable as watching the movie, which we absolutely love!
