## Customer Reviews

Conozco las publicaciones del Dr. James P Lewis desde su libro *^Fundamentos de Gerencia de Proyectos* <sup>TM</sup> Tercera Edici<sup>o</sup>n, ISBN-10: 08144-0879-6. . El lenguaje que emplea el autor es muy claro y permite al lector comprender perfectamente los temas relacionados. En 2003 intent<sup>e</sup> conocerlo personalmente: <sup>o</sup>l estaba en Singapur dictando unos Seminarios y yo fui a esa ciudad para trabajar el tema de Planeaci<sup>o</sup>n Estrat<sup>e</sup>gica.Lamentablemente no pudimos reunirnos. Muchos occidentales carecemos de apetencia por la comida picante: esta es normal en los pa<sup>o</sup>-ses asi<sup>o</sup>ticos. Mi est<sup>a</sup> mago me jug<sup>a</sup> una mala pasada y no pudimos reunirnos. Alg<sup>u</sup>n

tiempo después adquirí - The Project Manager's Desk Reference™ Second Edition. ISBN 0-07-134750-X. En este libro comencé a estudiar y comprender el Método Lewis. He implementado este método en varios de mis clientes, con todo éxito. Ahora he comenzado a trabajar con el libro Project Planning, Scheduling & Control™ ISBN quinta edición, ISBN 978-0-07-174652-6. Las ilustraciones acompañan los textos y apoyan al lector para que comprenda los temas. Inicia con la Primera Sección donde trabaja la Introducción a la Gerencia de Proyectos. Está dirigida a las personas que comienzan estas andaduras y apoya a los experimentados para reforzar conocimientos. Incluye un Capítulo que juzgo novedoso y que denominé 'La Gestión del Pensamiento™'. Este apartado incluye enseñanzas de la psicología y es muy interesante, además de constituir un tema inesperado. La Segunda Sección enseña a las causas para que un proyecto sea un éxito o un fracaso.
