# Fifty Ways To Teach Vocabulary: Tips For ESL/EFL Teachers

Synopsis

Without grammar, you can't say much; but without vocabulary, you can't say anything. Vocabulary is the foundation of successful language learning. ESL/EFL learners need to be familiar with a great many words if they want to read, write, listen, or speak with ease. In addition to the sheer number of words and phrases students need to learn, what makes vocabulary acquisition so tricky is that one "pass" is never enough. In order to really "know" a word, learners need to know, among other things, how to spell it, how to pronounce it, what other words it collocates with, what prefixes and suffixes it takes, what grammatical patterns it fits with, and what positive or negative associations it may have. Research shows that students learn the most easily when they are interested and having fun. Games and activities that engage students, whether they are adults or children, will help them create stronger memories and store these memories for longer. This audiobook is divided into three sections: 1. Introducing new vocabulary2. Reviewing and remembering vocabulary3. Assessment opportunities The Fifty Ways to Teach Them series gives you a variety of drills, games, techniques, methods, and ideas to help your students master English. Most of the ideas can be used for both beginning and advanced classes. Many require little to no preparation or special materials. The ideas can be used with any textbook, or without a textbook at all. These short, practical guides aim to make your teaching life easier, and your students' lives more rewarding and successful.

Book Information

Audible Audio Edition

Listening Length: 1 hourÂ andÂ 5 minutes

Program Type: Audiobook

Best Sellers Rank: #68 inÂ Books > Audible Audiobooks > Language Instruction > English #177 inÂ Books > Audible Audiobooks > Language Instruction > Other Languages #675 inÂ Books > Audible Audiobooks > Nonfiction > Education

Customer Reviews

I found that NEW teachers would get more benefit from this book. I will admit that I came away with

a new idea or two, but for me, 90% was stuff I already knew.
