# Speak English Around Town

## Synopsis

Learn the right way to say what you mean in dozens of daily situations. You already speak English. With Speak English Around Town, you'll learn to speak it better...and to express yourself more like a native speaker of English. Through lively and realistic dialogues, Speak English Around Town teaches the expressions you need for everyday life. You will use these expressions when shopping, dining out, socializing with American friends, traveling around the USA, and during dozens of other daily activities. This audio content is designed to supplement the Kindle ebook Speak English Around Town. It is not designed as standalone language learning material.

## Customer Reviews

Speaking a language without using idioms and expressions is neither expressive nor full in meaning. Amy does a great job writing this book because it teaches us the idioms we need for daily life situations. Each lesson presents good stories and the associated idioms and expressions that go with them. Language lens is a grammar refresher and expression practice followed by quizzes all do a good job to practice what we learned. The audio CD that comes with the book helps the reader with the pronunciation and it can be played over and over again at reader's convenience.

The daily conversation examples are so common that you can easily find yourself in one of these situations and use the knowledge you recently gained from reading this book! If you're new to the USA, use this book as your daily dictionary. If you're a seasoned ESL speaker, then I urge you to challenge yourself, because you are likely to find more than a few examples in which you will catch

yourself saying "oh, I didn't know that". It's a fun read, I highly recommend it.

I love this book (and the rest in the series). It provides easy to understand context for each idiom discussed. Plus, it's good for classroom use, since students can act out and practice using the idioms in a practical way.

From this book you can learn a lot of most used phrases or idioms. Good organization and good explanation. There is also the app version. So if you have iPad you can consider buying this app which has the same content. Highly recommend it!

This is a book you can't put down. I've read this book in one day. You will find throughout this book authentic dialogues and useful idiomatic expressions. Those will be clearly explained and on context. With no time, as you read this book you will be suddenly using those expressions naturally. If you buy the kindle version, don't forget to buy the audio as well. It's worth what you pay!

A very good book for a person whose English is a second language like me. I have learned a lot of meaning of English phrases in this book which I didn't know before. I thought I improved a lot and I am thankful that I bought this book. I highly recommend this book. As a matter of fact, I bought another one of Miss Amy Gillet's book. ESL student.

It teaches you the idioms you need for your daily life. Good stories, good idioms and expressions, and grammar lessons!

Easy to understand, I love this book, I read it whenever I have time good for ESL students. The price is a little bit high so
